My name is Joe Nesler. My wife and I own about 100 acres on the West Fork of the Bitterroot River. The address of our property is 145 West Mountain Road, Darby.

I am wondering why there is an "emergency" that requires new set back requirements relating to building houses near the river. Just what is the nature of the "emergency."

Frankly, I don't see any emergency, and I strongly object to any new ordinances in this regard.

It strikes me that this is just another instance of bureaucrats playing fast and loose with the freedom of those who pay their salaries.

I would like your explanation of the purported "emergency" at your earliest convenience.

Joseph H. Nesler
